## Hamlin School District Voted To Authorize Bond Tax Rate Increase

Last week the Herald carried a notice from the Hamlin school board setting forth reasons for boosting the "Debt Service Tax Rate" from 50c to \$1.00.

The old rate was \$1.00 on each \$100.00 valuation and the NEW rate adopted in the vote Monday, November 17, raised the authorization rate to \$1.50 on the \$100.00. This means that 50 cents of the tax dollar may still be used for local operating expenses, and the board may set the annual rate as high as \$1.00 for debt service.

Before the vote, the board could use but 50 cents to care for bonds, and 50 cents for maintenance.

The vote was light, considering it was a tax measure, and resulted: "For Bond Tax of \$1.00 and Maintenance tax of 50 cents" 83 votes.

"Against Bond Tax of \$1.00 and Maintenance tax of 50 cents," 66 votes.

There was one thing that puzzled a lot of people, "What constitutes a Property Tax Paying Voter?" (You understand, only "Property tax paying voters are allowed to vote on tax measures). It seems few, if anybody, knows what the term means. Is it only one who is assessed on the rolls of a district? Is a "Property tax paying voter" one who has some personal item assessed on the rolls? Or is it one who has something that is not assessed on the rolls but that is subject to assessment? The question of who can vote should be fixed in the minds of people before a tax election is held. As a matter of fact, we Americans know very little about what the laws and regulations are that govern our way of doing business for ourselves.

### SCHOOL FINANCING FACTS

Assessing taxes is one thing and collecting is another.

Generally the total amount of assessment depends upon what the district needs or wants.

Assessing a tax is assuming that such and such a piece of property is worth so much and when all the additions are made and it is found the amount assessed is not enough to raise what is wanted, then some "histing" must be done, and certain property, especially real estate, is boosted up. If a certain amount must be had or is wanted, either the assessment must be raised to fit the need or if the law permits a higher rate, the rate can be raised or lowered.

ered.

If rates are low, the valuations can be hiked up by the taxing board. If rates are high and flexible, assessments can go along on a level from year to year while the rate varies.

Before Monday the only way the school board had to get more money was by raising valuations, which was done to about ten per cent for the present year. Now the Monday vote authorized a rate of 50 per cent higher for debt service and thus the board has TWO ways to raise taxes to meet demands. By valuating higher or taking any rate from 50c to \$1.00 for bonded debt service.

Generally the income and disbursements involve so many figures not many people take time to understand, and thus general itemized points are not understood by many. Where school money comes from and where it goes, in detail, would help make administration easier if most all citizens could get such item facts in their minds.

About all most of us are impressed with, "How MUCH do we have to pay?"

The vote Monday, authorizing a 100 per cent raise in the rate for bonded debt service does not effect the 1941 taxes due, but it will be figured in the 1942 amount.

### ALL REAL ESTATE ACTUALLY MORTGAGED

Regardless of whether we raise money to satisfy bonds and interest by a low rate and high assessments or low assessments and a high rate, every piece of real estate, which means "fixed property," such as lots, homes, houses, improvements, etc., stand mortgaged to pay off bonds. Bonds are authorized only by "property tax paying voters" and when bond buyers pay over their money to a district they expect the fixed property to stand good for interest and repayment of principal. Thus we see how all real estate is "Bound".

What about "Personal property?" Really, the personal property list is so long and the stuff one owns is so wearable and passing till it can not be "Bound" for debt. One can move from the district, or consume his holdings in the district and there is nothing to "foreclose". Real estate can be "seen" and can not be moved. It must pay or be sold for debt. One can not hide or conceal real estate.

### MONDAY'S VOTE MAKES TAX MONEY EASY GATHERED

Next year, property will be assessed about as it now stands. If a person has no notice to appear before an "equalization board" to answer why certain property should not be "raised" he will not have anything to worry about till tax-paying days come next fall. Here is about the way the RATE will be set:

After all assessing is done and the total amount is known, it will be determined how much is needed to pay all interest and amount due or past due on bonds. Then a rate, maybe 60 cents, 70 cents or anything up to \$1.00 (whatever it takes) will be set, while the maintenance rate of 50c does not change. The total rate could be \$1.50. This new arrangement makes it easier to get what must be had. No need to bother about the assessment unless some "guy" gives in his property unreasonably low. Such cases would be cited to "appear to show why". Then again the high rate is a faster way to raise money and more of it.

When a vote is taken, regardless of how small, and regardless how small the majority, it holds every square inch of taxable property just as though 100 per cent voted and as if 100 per cent favored it.

Evidently the business way would be to collect all we can, pay what we owe and make out on what is left. One thing certain, certainly nobody can have everything they want. Good business is to highly regard the INCOME, and pay all we owe and be careful of expenditures. Every tax dollar should buy 100 cents worth of service or material, and there is a limit to what any community can afford, in public affairs as well as in private homes and business.

Rev. John Hendrix, of Abilene, former pastor of the Methodist church in Hamlin, was here Monday on business in preparation to moving to Wink to assume the pastorate of the church there. Rev. Hendrix was transferred to the New Mexico conference, which includes a part of the West Texas towns. Rev. Hendrix has many friends in Hamlin who are glad to learn he and his wife are to get back into the service, after a year's rest.

The only way to have a friend is to be one.

### School Board Thanks Voters

The Hamlin School Board wishes to thank all the voters who participated in the election held Monday, November 17, 1941.

The school problems belong to the community and while 149 votes do not represent the entire voting strength of the community, the school board is heartened by this response. Our only regret is that every qualified voter did not express his opinion. The measure carried 83 to 66.

Thos. Teague, Chairman  
Joe McCrary, Secretary.

Paul White, who has recently returned from South America, was a guest in the home of Mr. and Mrs. Frank Waggoner Friday and Saturday.

### SAVE ON TAXES : Clifford Stice Moved To Midland Last Week

The City Council has authorized me to waive all penalty and interest on delinquent City Taxes up to and including 1939, provided all taxes including 1940 are paid at one time, and not later than January 31, 1942.

The Council is striving to maintain up-to-date services and to make some needful improvements. It takes tax money to do this, and they are offering you this inducement to pay rather than give it to a tax attorney. Let us show you how much you can save. We will appreciate your co-operation.

J. B. Eakin, Collector (3-2)

Misses Marian Martin, Hazel Adkins, Lois Ellen Stell; Charles Brown and Glenn D. Adkins, students in N. T. S. T. C., Denton, are at home for the Thanksgiving holidays.

Mrs. W. J. Poe who was taken to a hospital in Abilene this week, is reported to be doing nicely.

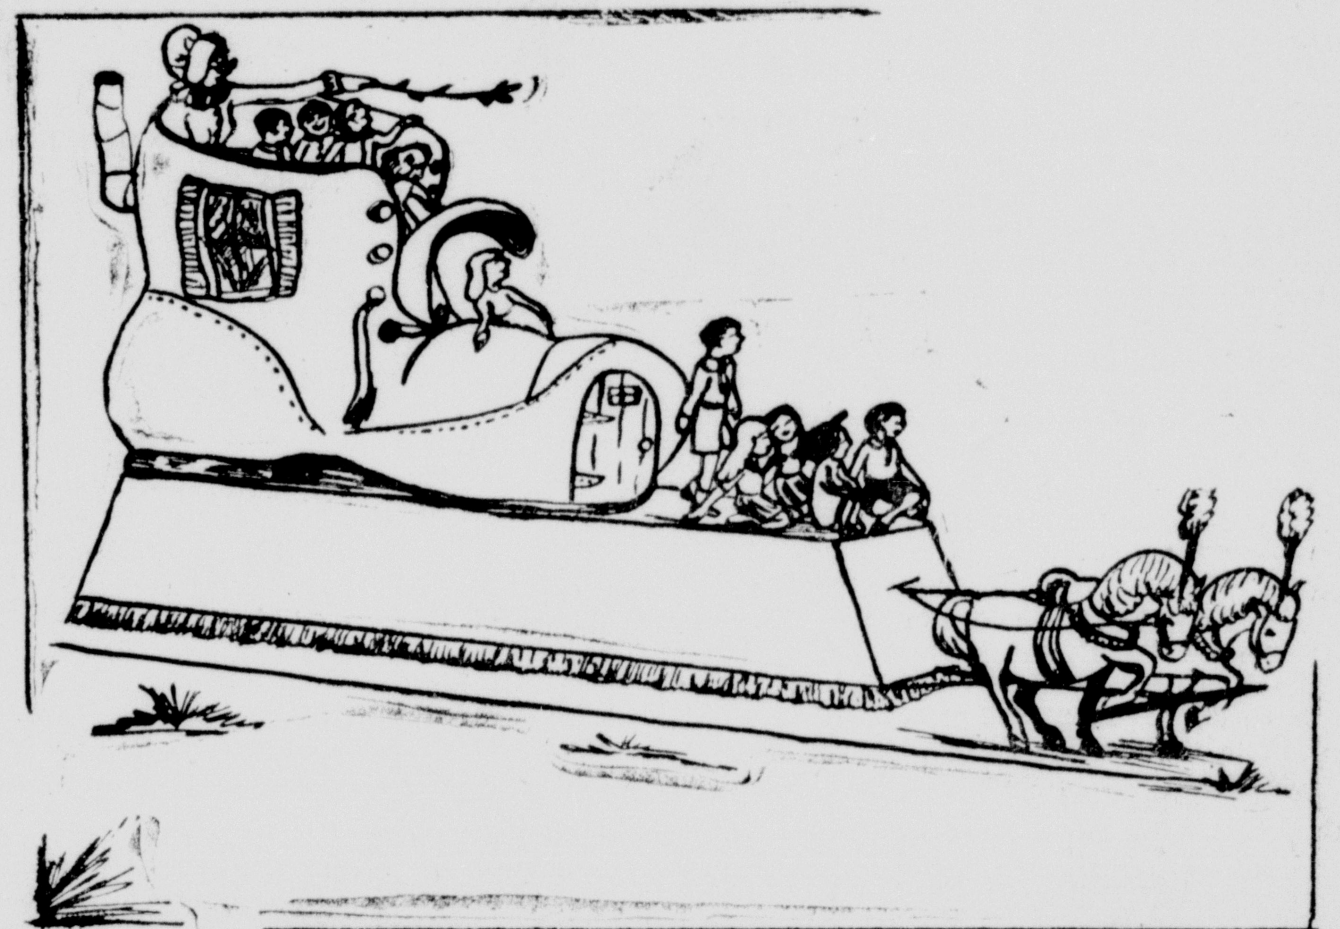

Clifford Stice and family moved last week to Midland, Texas, where Clifford is connected with the Rocky Ford Moving Van. He is their bookkeeper.

Mr. Stice had been with the A. R. Elam-Acme Lumber Co. for about five years as their bookkeeper. He is a fine young business man.

Gaylon W. Robertson, who had been with Montgomery Ward & Co. at Ranger the past year, has taken Mr. Stice's place. Gaylon is a Hamlin man just coming back home. He is a son of Mr. and Mrs. T. C. Robertson, and by the way, while "telling on" Gaylon, let us tell you Mr. and Mrs. Robertson are proud parents of their second daughter, named Gaylene Ann, born Sunday, November 16, at the Thurman Clinic in Hamlin. Congratulations, Mr. and Mrs. Gaylon Robertson.

Nothing great was ever achieved without enthusiasm.

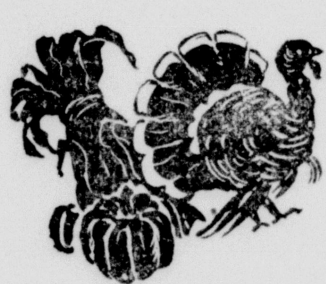

## Coming To Hamlin To Parade

Old Santa will be in Hamlin with his wonderful Santa Day parade unit Wednesday, December 3rd, at 10:30 A. M., and will be expected to be greeted by all the girls and boys of this section. Melba, one of Santa's little gnomes, that will be along with the parade and ride on the float pictured above, made the above sketch for Santa to build this large float for his parade. Besides the Old Lady who Lived in a Shoe, Old Santa is bringing eight big floats and ten of his favorite shetland ponies. Don't forget the time and date as the Jolly Old Fellow from the Northland has to move on time so he can make all of the stops he has on his schedule before Christmas. The parade will move in Hamlin promptly at 10:30 on Wednesday, December 3rd.

## Hamlin Downs Albany

### By Score of 20 to 0

Last Friday night in Pipers Field Hamlin was host to the Albany Lions and their boosters.

Preceding the contest, color was added to the scene when the Hamlin Band and Albany Band and pep squad formed a circle in mid-field. Each band director directed the combined bands of more than sixty pieces in one number each.

Hamlin received the opening kickoff and after only slight gain punted to the Lions. Albany also had trouble gaining through the Hamlin line and a fumble on the Hamlin 12 yard line set up the first Hamlin touchdown. Taking over on the 12 the Pipers picked up 11 yards and a first down and Ferguson carried the ball over from that point. A pass from Witt to Coles was good for extra point. Score 7 to 0.

Following Hamlin's touchdown, Albany received on their 12 yard line and returned 32 yards to their 44. Three successive first downs placed the ball on the Hamlin 12 yard line. Three incomplete passes, followed by only a yard gain thru the line let the ball go over to Hamlin on downs.

Hamlin's second score came in the second period of play after the ball had been worked to Albany's 12 yard line. Kelley, playing in his first conference game, ran the ball over from that point. Kick for extra point was no good. Score 13 to 0.

Just before the whistle for the half, Gene Witt took the ball on the Albany 30 yard stripe and raced around left end across the goal line, only to be called back and a 15 yard penalty was assessed against Hamlin for an illegal pass.

Starting the 3rd quarter, another touchdown was set up for Hamlin but the Pipers failed to capitalize. An Albany fumble was recovered by Hamlin on the Albany 21 and pushed down to the 5 where they lost

the ball on downs.

Taking an Albany punt on their own 38 yard line, the Pipers made a 32 yard run, followed by a 33 yard gain and placed the ball on the 3 yard line. Witt carried over for the counter and passed to Haynes for the extra point. Score 20 to 0.

Albany only seriously threatened to score twice. In the first quarter they carried to the Hamlin 12 yard line and lost the ball on downs on the 11. Again, late in the game, they worked the ball to the Hamlin 4 yard line, and again bogged down.

Outstanding players for Hamlin included practically every man on the team. However, the Witt brothers, Dean and Gene probably stood out to most spectators. And incidentally, on most of the plays where the Pipers made long gains around end or through the line, one of the best blockers in the district was turning in his best performance of the season—Ferguson. On three different occasions he clearly took out three opposing men on a single play, and on numerous other plays two men bit the dust because of his hard charging. Noticeable improvement was also noted in the playing of some of the linemen, especially G. W. Turner, Jr.

#### SUMMARIES:

**First Downs**—Hamlin 16, Albany 5.

**Passes Completed**—Hamlin 2 out of 6 for 15 yards, Albany 3 out of 15 for 21 yards.

**Yards Gained Rushing**—Hamlin 358, Albany 188.

**Punts**—Hamlin 5 times for an average of 26 yards, Albany 8 times for average of 27 yards.

**Penalties**—Hamlin 8 times for 80 yards, Albany none.

**Yards Lost Rushing**—Hamlin 23; Albany 35.

Jas. 1:26 "If any man among you seem to be religious and brideth not his tongue, but deceiveth his own heart, this man's religion is vain."

What do you think about this little poem written by James Whitcomb Riley?

It doesn't pay to say too much when  
You are mad enough to choke,  
For the word that stings the deepest  
Is the word that's never spoke.  
Let the other fellow wrangle till  
The storm has blown away,  
Then he'll do a heap of thinking  
'bout the things you didn't say.

We would be glad for you to worship with us at the Church of Christ.

## Let Us Be Thankful

By Clara Spratlen

When trees are in their last blaze of autumn glory, Hallowe'en is a thing of the past, and the legs of the twenty pound turkey look as if they will snap off any minute—then it's Thanksgiving time again. If we meet it with a hip, hip, hooray, it's because we are viewing it as a blessing instead of just another one of the minor holidays of the year.

Ever since the Pilgrims set apart this day immediately after their first harvest in 1621, Thanksgiving Day has been an annual holiday. This day is observed by religious services, family reunions and dinners all over America.

This year there will be those who think that we have nothing to give thanks for since we are so much closer to war, but the whole American people should be grateful. Both individually and as a whole we are better off than any other nation in the world. We have peace, however fragile it is, freedom of press, religion and speech, and, most important of all, we have the right to think and to take advantage of every opportunity Americanism offers. For what more could we wish?

Let us again be grateful and while the golden candles cheerfully glow in dark corners and the flames burn high in the fireplaces throughout America, let's take time out to count our blessings and thank Him who so bountifully gives.

The new flexible tax rate to care for the bonded debt should soon catch up with payment of interest and bonds due and eliminate future embarrassment.

## Home Makers Attend Area Meeting

"The Part of the Future Homemakers in National Defense" was the theme of the Area II meeting of the Future Home Makers in Lubbock, Saturday, November 16th. The program was very interesting and entertaining.

The noon hour was divided into a lunch period, recreation period, and House of Delegates meeting. The recreation period was spent with all the girls taking part in folk dances, and at this time some exhibition dances were given by Lubbock students.

At the House of Delegates meeting, it was decided that our area would have a camp next summer, and plans were made for arranging for the camp. Mary Nell Bell represented the Hamlin chapter in the House of Delegates.

Hamlin representatives were: Mary Nell Bell, Frances Ubben, Bettie Lou York, Keith Louise Jobe and Miss Camille Smyers, the club sponsor.

## Bands Entertain Fans At Half

Using colored lights to represent each school, the Hamlin High School Band marched out on the foot ball field at the half Friday night to display a new stunt.

The band divided and formed an A for Albany and an H for Hamlin. The lights of the foot ball field were extinguished and the green and white, and red and white lights marked the letter formation. In this position the band played "Monarch March" and "On, You Pipers."

The Albany band and pep squad also performed at the half. Both groups marched out on the field. While the band played the pep squad went through a drill and then marched off the field. A formation by the band completed the stunt.

## P. T. A. Holds Meeting

Last Thursday afternoon the P. T. A. met with Mrs. Bledsoe presiding. The members decided to dedicate funds to giving of prizes for different departmental contests and help in testing programs or any other special need of the school.

The time of meetings was changed from once a month to meeting only at the call of the president.

'Tis not the whole of life to live, nor all of death to die.

## Spanish Department Projects

Under the supervision of Miss Emma John Blake, the Spanish I class is making Spanish posters and calendars.

The family, home, food, and school rooms are chiefly carried out in the posters.

The calendar is for twelve months, with each student making a different page and the entire calendar is in Spanish.

These projects are expected to be completed before the Christmas holidays.

## Pipers Run Over Albany 20 to 0

The Hamlin Pied Pipers, once again defending champions of district 10A claimed for themselves a 20 to 0 victory against the Albany Lions.

The Pipers scored first in the first quarter when S. C. Ferguson plunged over from the one. Floyd Smith covered a fumble on the 12 to set up a counter. For the conversion point, Dean Witt passed to Don Coles.

Fighting Gary Kelley, Hamlin's 145 pound junior, shone here for his first conference game when he made the Pipers second touchdown going over from the 11. Previously Albany had punted on their fourth down to the Pipers 31 where Dean Witt received and took it to the 41. After two plays the ball was on the Lions 31, from where a pass was thrown to Haines on the 11 and the ball was placed in scoring position. The try for extra point failed.

The third and final score came in the second half. The Pipers marched 69 yards on four plays for the payoff. Nolan Haines advanced from the Piper 19 to the 31. Then Gene Witt swept through to the Lion 43 and was followed by his brother Dean, who traveled 30 yds. to place the pigskin on the one, from where he tallied. Then he passed to Haines for the extra point.

The Pipers led in first downs, 19 to 6, as well as in yardage gained rushing, 353 to 103.

Outstanding for the Pipers were Bobby Barrow, guard, and all the backs, Dean and Gene Witt, Haines Kelley and Ferguson. Halford, G. Mims and Kinder stood out among the Lions.

## Students Urged to Read New Library Books

With Malice Toward None by Honore Morrow and The Way of All Flesh by Samuel Butler are the two books of interest this week.

With Malice Toward None is a powerful novel of the last two years of the Civil War. Mrs. Morrow continues the story of Abraham Lincoln which began with Forever Free.

Here we see Lincoln faced by the problem of bringing the long-drawn-out war to a close and occupied by political struggles as well.

This story reflects the grim drama of the battlefield and the tense scenes of the President's struggles. True living characters are expressed in the author's immortal words With Malice Toward None.

The Way of All Flesh is partly an autobiography. The views that Samuel Butler presented in this story of a young man who turned his back upon the teachings of his father and the church were judged cruel and shocking. Earnest Pontifex triumphs over the waste and tragedy of his early life. Butler almost tells his own life story in this book.

This book was a great success and it gained popularity of modern times. The book is made interesting by the way Samuel Butler patterned the book after his own life.

## NEW STUDENTS ENROLLED

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

# Santa Claus To Present Parade On Wed. Dec. 3

A radiogram from the Northland signed by Jolly Old Santa was received today by the Chamber of Commerce accepting their invitation to appear on the streets of Hamlin at 10:30 A. M., Wednesday, the 3rd day of December.

Santa will bring 50 big units with his big story book pageant or parade that will wind through the streets of Hamlin promptly at 10:30 A. M., December the 3rd. Because old Santa must be on time as he has many towns to visit Santa asks the Chamber of Commerce to see that all the boys and girls of this section come to Hamlin and be on the streets so he can say hello to them personally. Along with this

big parade will be nine beautiful herald girls leading the line of march, each carrying a large garland letter and the nine of them will spell "Merry Christmas"; then will come the floats, the Old Lady who lived in a shoe, Old King Cole, Princess Christmas, Night before Christmas, Jingle Bells Band, Beautiful Chinese Silver Jinrickasha, Keep 'Em Flying, and Santa Claus' Work Shop with his eight little gnomes, Santa saying "hello" to the kiddies over his own public address system. Along with this big Santa Day parade will be Kenneth Waite, famous circus clown, who will direct the twenty five comedy characters and grotesque figures.

Old Santa says this is the finest parade he has ever brought from the Northland.

The Chamber of Commerce, has contracted with the Donovan Fireworks and Decoration Company of Abilene to direct this big event for them.

The Santa Day parade will mark the opening of the Christmas shopping season in Hamlin. All the merchants of Hamlin will have their stores overflowing with Christmas bargains on this day.

Pictures and stories of the Santa Day parade will appear in the Hamlin Herald again next week.

Plan now to see old Santa in Hamlin on December 3rd.

## POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Two negroes paid fines for gambling in J. P. Court last week end. Two more negroes are at large charged with gaming and drunkenness and a Mexican is in jail serving out a fine for being drunk.

After this week the McCaulley gins will start setting days, even though we had a good crop it makes us kinda sad to see it over with so soon.

Mr. and Mrs. Frank Maberry Jr., have returned to McCaulley after a few months in Abilene, where Frank has been employed at Camp Berkeley.

A number of the Baptist members attended the Baptist State convention at Abilene last week.

We were out at Louis Boyd's last week looking over Mr. Boyd's white face cattle and he has some pretty ones.

Mr. and Mrs. Leroy Prather and Mrs. C. P. Yates attended the Methodist conference at Big Spring last Saturday night.

The ladies of McCaulley community are very busy with Red Cross sewing.

The home demonstration club is sponsoring a luncheon in the home of Mrs. S. E. Miers this Wednesday.

Mr. and Mrs. Dick Maberry and Mr. and Mrs. George Darden attended the foot ball game between Odessa and Sweetwater in Sweetwater Armistice Day.

Thanksgiving and Christmas are just around the corner and a lot of fat hens and turkeys are being made ready for some big feeds.

Mrs. Medford and two daughters of Wichita Falls were week end visitors in the home of Mr. and Mrs. C. A. Webb. Mrs. Medford is a niece of Mr. and Mrs. Webb.

John Miles and G. W. Martin are off on a deer hunt for a few days.

War and foot ball are the main topics of the day and as the foot ball season is about over we will have to get back on the subject of war and from the way things look now, we of these United States are engaged in an undeclared war and nobody seems surprised and the things we are interested in now, is winning the fastest way possible.

To correct an error in last week's Pot Shots, we stated that Ernest Hendon had been to Iceland and since then we have been informed that he has never been to Iceland. In fact, the boys in the Navy don't always tell where they have been, but any way where ever they go they are doing a good job for America.

Mr. Louis Bailey and Mrs. Ollie Galen, both of this community were united in marriage last Sunday afternoon. Rev. C. E. Dick, local Baptist pastor, performed the ceremony. We hope for Mr. and Mrs. Bailey many years of happiness.

The Methodist ladies served dinner in the cafe building last Saturday and had a very successful business. The pies, cakes, stew and chili were very good. We know, for we tried it all.

Warren Davidson of Rotan was a visitor in McCaulley last Sunday. Warren is employed at the gyp mill in Rotan.

The negroes of McCaulley were all dressed up in their Sunday-go-to-meeting clothes last Sunday. The special occasion was a negro wedding. We failed to get the couple's name, but we do know that preacher Sam performed the ceremony.

It looks as if there are going to be three producing oil wells on the farm of Mrs. A. M. Eivens and perhaps more and the farm is only two miles south of McCaulley and if you hear a sound like the dropping of bombs in the direction of McCaulley you will know the Boom is on.

Melvin Hunter and Ernest Webb handed us a dollar bill for a year's subscription to the Herald. We won't get mad if more folks would do the same thing.

Some of the farmers have started breaking their land and sowing grain for winter pasture. (Wish we could get Alf Hemphill started).

From the looks of Melvin Courtney's mail car every morning, the mail order houses have really been getting a play. How about leaving a few nickels in the old home town?

Thank you for any news that you will give us, as about all we know is what we hear on the gin lot and J. P. Court, and some of that wouldn't do to publish.

Rev. and Mrs. Ottinger have moved to Tye, Texas, where Bro. Ottinger will pastor the Methodist churches at Tye, Stith and Hamby. Rev. and Mrs. Grady Adecock of Abilene will move this week to McCaulley where the Rev. Adecock will pastor the local Methodist church. We welcome the new pastor and wife to our community but we are sorry to lose the Ottingers and wish for them a very successful future in their new fields.

0-0-0-0

Will the American farmer ever get a break? We ask ourselves this question and we are asking our Congress the same question. The farmers have never been slackers when it comes to co-operation with our present farm program. The farm program sponsored by our government does not always meet the approval of all of the farmers, however, they co-operate and while the labor leaders call strikes that hamper all production, the American farmer continues to do his part for our government without a whimper or a strike.

Some of these times the farmers are going to get enough of these strikes and say if union labor can strike without our government taking over then we will discontinue to co-operate. In other words, what's the use for we as tillers of the soil to work and sweat and co-operate with a government sponsored farm program when workers of every other trade walk out on us. Does the C. I. O. or A. F. of L. get penalized for halting production of every material that is so vital to the American way of life? But on the other hand if the farmer fails to co-operate with the farm program he pays the penalty. While prices on every necessity have doubled

and redoubled, still the price of farm products stay on a low level. Is there anything fair about that? If Wall Street continues to control the price of farm products and our government continues to fail to curb strikes on national defense projects, then the farmers will continue to take it in the neck as they have in the past if, and when, they do not organize. It's time for the farmers to wake up, pay their poll taxes and elect men to represent them who have the American farmer and their families at heart. If such men as John L. Lewis continues to dictate to labor, then the farmer might as well throw up his hands and holler mercy.

A DARDEN-O-GRAM.

## Achievement Day For Boyd Chapel Club

Boyd Chapel home demonstration club members met in the home of Mrs. J. Ferguson recently to start their Achievement Day program. Mrs. Earl Brown reviewed the year's work. Mrs. Ferguson had a well filled cellar to display. Canned fruits and vegetables, dried foods and fresh foods were on display. Mrs. Ferguson showed a flock of poultry also. From this home the group went to Mrs. Lee Ward's and viewed a sweet potato curing cellar. Mrs. Ward reported gathering 35 bushels of sweet potatoes from a small plot of land. Mrs. Ward also had vegetables from her fall garden on display, squash, peppers, okra, and turnips. From this home the group visited Mrs. J. P. Cornelius to view a flock of 300 Brown Leghorns.

During the business session Mrs. T. T. Bingham presided and the following officers for 1942 were elected: president, Mrs. Earl Brown; vice-president, Mrs. Lee Ward; secretary, Mrs. E. K. Whittenberg; council delegate, Mrs. L. G. Wilson; reporter, Mrs. J. Ferguson; parliamentarian, Mrs. T. T. Bingham; recreational leader, Mrs. C. D. Bingham; Home Food Supply demonstrator, Mrs. J. P. Cornelius.

Each member present reported number of quarts fruits and vegetables canned during 1941, and the total was 4920.

The refreshment plate of fruit juice and cookies was served to members, visitors, and the 4-H club girls of Boyd Chapel school.

## Hamlin Host to The Double Mountain Dist. of F. F. A. Contests

The Double Mountain District of F. F. A. held their chapter conducting contests at the Hamlin High school building Tuesday, Nov. 18th. Chapters competing in the meet were Roby, Rotan, Dowell, Aspermont and Sylvester. There were approximately sixty boys and advisors present.

The results are: senior contest, Roby 1st, Sylvester 2nd. Greenhand contest, Roby 1st, Rotan 2nd, Dowell 3rd, Aspermont 4th and Sylvester 5th.

Hamlin did not compete in these contests, because a majority of the

chapter officers are foot ball players and have not had time to practice.

On Dec. 2nd, the remainder of the contests will be held. Hamlin will be represented in these contests.
